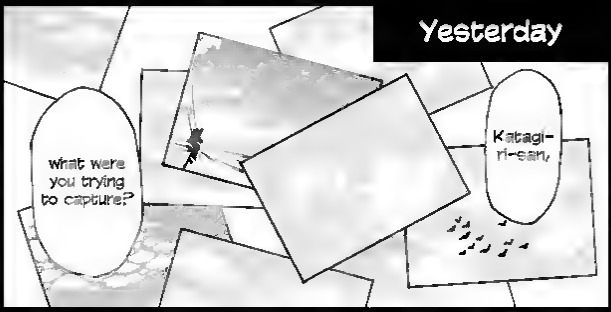
You came? Thanks I just finished my medical exam. Where are you now?

Miho-nee!
How was it?
Airi!

Let's eat.
Good progress!
Thanks.
Mmm...
You have time to make these on a weekday morning.
Delicious!
You can tell me about it.
It's fine.
.....
Yeah.
I wonder, are you not doing great at work?



For me, sky is opportunity itself.
That's the reason why I take pictures of the sky.

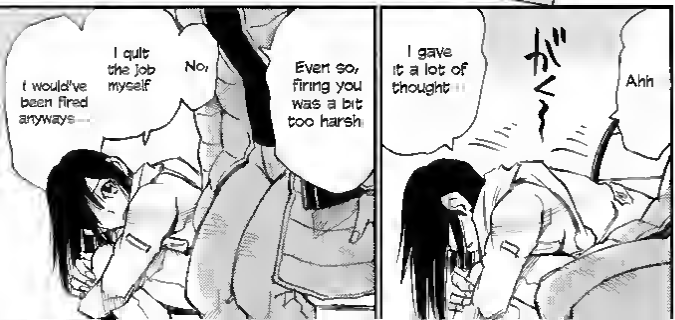
Pictures taken by cameras don't lie, so I thought of adding my own ideas to the picture since it's one way of communicating to the viewers. I guess I still can't do this properly...

My distant family.
A special someone I haven't met yet
My whereabouts, and myself.
All of us are connected under this sky.
That's what I think...
Are you making a fairy tale? No, you're taking a picture.
Did I not tell you?
.....
Katagiri-san.
You shouldn't work in Tabeyama firm.

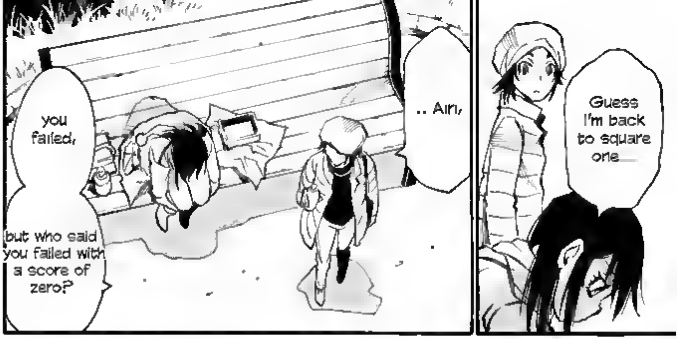
I see...
So, will you quit?
Photo-graphy
No way!
I would never quit
I worked in photo-graphy for 2 years.
I studied a great deal,
but I still have plenty to learn because I'm not attentive
I don't know much about photography,
but I'll never give up!
Well in that case, good
Now then, let me say my opinion.

Airi, I'm not saying you're wrong,
but I do agree with that sensei
What?!
Mino-nee, I thought you understood me!

I did, and that's exactly why I said my opinion.
Before you assume, learn the facts.



I gave it a lot of thought...
Ahh
Even so, firing you was a bit too harsh.
No, I quit the job myself
It would've been fired anyways...



Guess I'm back to square one...
.. Airi,
you failed,
but who said you failed with a score of zero?

It could be 10, or even 20, if you wanted!
Go back to the starting point as many times as you want.
Even if you fail, at least you tried

If I'm just gonna fail, maybe I should quit work after all...?
Airi, you need to be faithful and dedicated to your own justice.
You lack patience.
Failures will remain as failures, so what?
Don't waste your opportunity, okay?

I want to see
Go all out for photography. I'm sure you will!
I believe in you.
Also,
the picture in your mind someday.
Snow...

Eh?!
What is it?
Airi, cheers.
お茶
Airi.
This is your new starting point.
You're not teasing me, are you?

I'll walk home in a while.
I think.
Yeah.
I'll go home by bus. How about you?
Brr

Hey, mind if we have dinner?
You disappoint me
You were saying things that I heard somewhere before
I don't mind being scolded
Yeah,
Hey, do you think I said a lot of quotation-like things today?
I want Hayashi rice!
You did, you did
Did I say wise things?
Sure, sure.

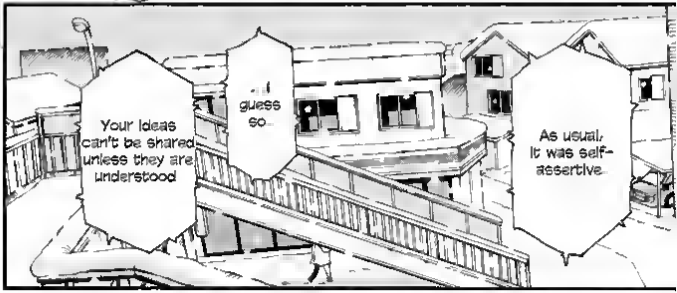
Hello, it's been a while. This is Tateyama.
Eh, thanks to you, I'm doing fine.
I saw the picture of the mountain you took just the other day.

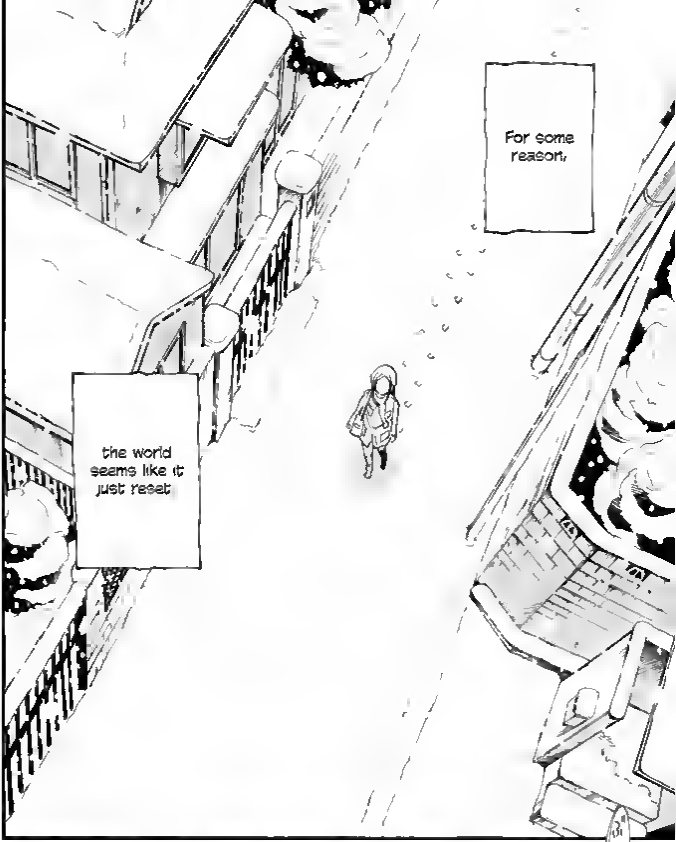


As usual, it was self-assertive.
...I guess so.
Your ideas can't be shared unless they are understood

So, I'd like to ask you a favor today.
I need to take care of someone.

I like this silence
It's snowing, so there are only few cars and people around.

Silence is stopping by.



For some reason,
the world seems like it just reset.

Oh, come on
Shut up!
Huh?

Contact me.
Who?
I won't contact her...
What's with this high-and-mighty message?
...at least until tomorrow.

Earlier
I went in and out from hospital, so I barely passed elementary and middle school.
The high school I graduated from when I was 21 had this communication system, so I managed to make a few friends.
To tell you the truth I'm not good at interacting with other people
Oh...
But we have enjoyable conversations, don't we?
That's because you're special.
Your kind and cheerful attitude saved me.
It's thanks to you that I can be a member of society like I am right now

I'm glad I have a friend like you, Airi.
.....
Miho-nee... you're special, too.
Some people dislike Airi.
Tateyama-senpai, is that who you meant?
Airi, if she's close to you, and you feel uncomfortable about it,
you can say that the two of you are inherently incompatible.
I'm sure there's no need for you to get along with her.
By the way, I think you lack nutrition.
Make sure you eat properly.
...That's not it.

Airi,
It's lack of oxygen. That's what I heard them say
you have many good points in your heart
Don't forget that.
Eh?
such as?
Good points...
Yup,
such as your smile

I haven't laughed once since this morning
Come to think of it,

Let's start again from scratch.
with a smile.
No matter who it is, I'll talk to the next person I meet
Is this my new start?

Today is gonna be
a great day

Hey,
wait
